

## **Concert Donation Information**

**Each year we invite families to make a donation to the Troy Athens Band Boosters. Contributions help support scholarships, clinics, workshops, guest conductors, music, and instrument purchases. Right now, we have a handful of clinics scheduled for students in all bands to help prepare for our winter concert. These are provided courtesy of TABB for your students to enhance their musical talents. Roughly 90% of band families contribute through this process, as they see first-hand how much the Athens band program positively influences their student's life.**
